HAPPY
FATHER'S
DAY

*"You are my hiding place; you will protect me from trouble
and surround me with songs of deliverance."*

Psalm 32:7-8

From The Executive Director

Many young athletes dream of playing sports in college and at the professional level and I was no exception. Baseball was my sport and if I was outside, I probably had my glove and bat with me just in case a game broke out. You can never be too prepared.

It didn't take long to realize that my skill set on the baseball field did not set me on a course for the big leagues. It's not that I was a bad player, it was that some of the other kids were much better. Some could hit better, others could run faster, and still others could throw harder. To make matters worse, there was always that one kid – you know who I'm talking about – who could do it all better.

With my childhood dreams dashed at an early age, I focused on school where the hard work and determination I learned from playing baseball translated into some success in the classroom. Yes, there were students who never opened a book and excelled, but with commitment I learned that I could achieve my academic goals.

The life lesson I learned from those experiences was that there will always be someone smarter, more athletic, etc. than you, but you can never let anyone outwork you or be more determined to accomplish your goals. It is amazing how our experiences as children shape who we are today.

Each of us had struggles throughout our lifetimes, but we persevered, believed in ourselves, relied upon family and friends, and trusted in God to get through those difficult times. I believe that those experiences and life lessons – the ones we would sometimes prefer to forget – powered us through the pandemic where the entire world was in a state of flux.

While my dream of wearing pinstripes never came about, I am proud to be a part of a championship team at the Estates. Our team works together to achieve our goals and picks each other up when we are having a “bad day at the plate.” Successful teams are not about the best players. They are about everyone working together toward a common goal and doing their part to be successful. In our case, that means residents and staff working together for a championship run.

2023 is our “chase for the pennant” year. We are off to a great start, but there are a lot of innings left to play. Who's ready to finish what we started?

- *Brian Robare, CEO & Executive Director*

Be Fit Summer Challenge

June marks the beginning of summer and all the wonderful opportunities that our community has to offer. Beginning June 21st, we will be starting a Be Fit Summer Challenge in our community. Hall members in (A/B, C/D, F/G, H/I, J/K/M) will be grouped into teams as we beat the heat and pledge to a healthy lifestyle. CyberCycle rides, community walks, Fitness Center usage and more will be accounted for credit. The top team gets a celebration social at the end of each month.

Resident Spotlight: Harley Crosby & Chuck Wyatt

On Tuesday, April 25th, 2023, two of our residents endured the trip of a lifetime. Our very own Chuck Wyatt and Harley Crosby had the honor of being recognized for their military duties by joining the Mission 8: Flight to Honor program. Established in January 2015, Flight to Honor Polk honors United States military veterans by flying them to Washington, D.C. to visit war memorials erected to honor their service such as the World War II Memorial, the Korean War Memorial, the Lincoln Memorial, and the Vietnam Wall Memorial. They also had the opportunity to visit Arlington National Cemetery where they were able to be present for the Changing of the Guard at the Tomb of the Unknown Soldier. It is a one-day event where veterans and their guardians arrive and depart from the Lakeland Linder Airport early in the morning, spend the day in Washington D.C. and then return home that evening to a huge homecoming celebration complete with a big band, food trucks, a special visit from the LPD and LFD, etc. Often, this experience is an emotional event, and it takes on added significance when in the presence of other veterans having similar war experience. I had the honor of sitting down and interviewing both Harley and Chuck about their experiences on the trip.

Harley was drafted in May 1955 and retired in June of 1976. He started out in the Tennessee National Guard (1955-1956) then moved on to the United States Navy (1956-1959). During this time, he was assigned to VAAW-35 where he was a plane captain on an AD-5 Skyraider and made three overseas cruises to locations such as Japan, Hong Kong, the Philippines, Spain, Brazil, etc. After receiving an honorable discharge from the U.S. Navy in 1959, Harley was drafted into the United States Army (1960-1976). From May 1965 to April of 1966, Harley was a part of the 120th Aviation Company and 145th Aviation Battalion (Vietnam). After his time in Vietnam, he returned to the 82nd Aviation Battalion. He continued training and also worked as a crew chief on OH-13 and UH-1B Huey Helicopters. He retired June 1976 from the Army as a Sargent First Class E-7. One of Harley's favorite moments of the trip was seeing the Vietnam Wall Memorial because it brought back a lot of memories for him. Harley was even reunited with a man who was also a part of the same Battalion as him in Vietnam. What made the trip even more special for Harley was the fact that his daughter, Jeannette was able to be his guardian on the trip and was able to experience this trip with her "daddy." Jeannette was only two weeks old when her father left, so she thought it was so important to push her dad to join the program. Harley says that they were treated like kings and queens on this trip. Meals were provided all day, everything was planned out for them, they even received keepsakes from the trip. Each veteran received a jacket, shirt, bag, hat and some even received a blanket that a local sewing club made specially for veterans who were using wheelchairs to have on their laps to keep them warm. The most special keepsake from the trip, however, were letters and notes given to each veteran in something they called, "Mail Call" that were from students from local schools in Polk County. Harley even received a special letter and photo from his great-grandson Harley Jr. Harley says, "After Vietnam, we were told to just take off our uniforms immediately, and that was it. The Flight to Honor gave me a sense that everything I did was worth it."

Chuck was drafted into the United States Army in 1945 and was honorably discharged in 1947. He started out working in a bakery in Arkansas, then he went to Fort Knox, Kentucky for basic training, and then moved to North Carolina for artillery training. Chuck always wanted to be a part of the action and travel with the Army, however when he asked to be deployed, the only place they said they would send him was Korea. So, Chuck made the tough decision of declining and staying in the United States for the remainder of his time in the Army. Chuck made the decision to choose one of his caregiver's husbands to join him on the trip as his guardian because he also served. Come to find out, he was also chosen to go on the trip as a veteran. Chuck was able to enjoy spending time with his caregiver and her husband on the trip. A fun fact about his experience was that Chuck had the honor of not only sitting next to his guardian, but also our very own Mayor of Lakeland, Bill Mutz. His favorite parts of the trip were being able to witness the Changing of the Guard because it brought back a lot of memories for him and the big homecoming celebration when they returned home. He had the opportunity to be right behind the honor guard when they got off the plane and he was mesmerized by the hundreds maybe thousands of people who were there to welcome the veterans back. "Being honored and coming home to such a warm greeting was the most gratifying and rewarding experience I ever had. It was the highlight of my life and helped me feel like I fulfilled so much in my life."

Having the honor of interviewing these two heroes was such a rewarding experience. Hearing how much this trip impacted their lives and seeing how their faces lit up just talking about the trip brought nothing but a huge smile on my face, and I hope that this article also brought a smile to your face as well. Thank you to all who have served our country! We are grateful for you and plan to continue honoring you every day because you are all deserving of it.

Health Center Update

It is amazing how fast time is flying! June 1st is here, and it feels like we were just singing Christmas songs in the year 2022!

We had a great time in May with our activities and celebrating Nursing Home Week! For Nursing Home Week, we started with a bang celebrating our mothers with a rose and a sweet treat. Monday was our Sports day and our Administrator, Cynthia Ayala and our Director of Nursing, Jamie McAdams grilled our hamburgers and hotdogs. The kitchen prepared our sides of coleslaw, baked beans, and a yummy, sweet treat! We also had a baseball bean bag throw and loaded nachos that afternoon. Tuesday the Recreation department did Big Money Bingo, and we did the limbo that afternoon with a pizza treat, that included pineapple and ham pizzas to celebrate Hawaiian Day. Wednesday, we had tasty snow cones and more Big Money Bingo! The residents played Big Money Bingo all week! Thursday, Rachel from one of our Hospice Groups came to sing and play the guitar for us! She did an awesome job! Friday was our Western Day and we had Mr. Doug come sing country for us. We ended the week with an awesome Western themed party!

The Recreation Department would like to give a big thank you to all the staff who participated. They dressed up for the residents, assisted the residents to and from the activities, and were there to help all the residents enjoy themselves and have fun! It was very much appreciated!

June is a celebration of some heroes in our lives, our dads! Growing up, I have been blessed to have two dads. My dad and stepdad have been in my life to help me learn about the Lord, to pick me up when I fall, to wipe away my tears, to give great hugs, and to enjoy great laughs with! I am so blessed and thankful for them both! The Health Care Center in The Recreation Department would like to thank all those in a father role and to wish each of you a very Happy Father's Day!

I hope everyone has a great June!

Join us as we welcome back the musical stylings of John Provenzano and his saxophone in the AUDITORIUM.

A Mother's Influence

One critical problem that is plaguing our society is fatherlessness. The ramifications are devastating! Fatherlessness adversely affects individuals, neighborhoods, churches, and our nation. It impacts education, poverty levels and social behaviors. We need strong moral men to give affirmation to our children. Affirmation is that powerful emotional support that every child needs. God can help Dad's lead and guide their children and families in a positive way. Dads have a special place because they teach us what to do and what not to do. In doing so, they say some interesting things like "Go ask your mom!", "When I was your age.... I used to walk to school three miles uphill in the snow!", "Wait till I get you home!" And my favorite, "This is going to hurt me more than it does you." Till this day I don't believe that. I'm sure some of these bring back fond memories of your dad. We love and celebrate Father's Day, and in doing so we fulfill one of the ten commandments in Deut. 5:16, "Honor your father and mother, as the Lord your God has commanded you, so that you may live long and that it may go well with you in the land the Lord your God is giving you" We do honor our fathers and we pray a blessing of peace over all of you. Happy Father's Day!

God Bless!
